The minutes of the 1,226th meeting held on December 3, 2009 were approved as amended.

3. New Business

a) Approval of the 2010 – 2011 Operating Plan and Budget

Dr. Cowin explained that the Finance Committee had reviewed the 2010 – 2011 Operating Budget and recommended its approval to the Board of Stewards. Once the budget had been approved by the Board of Stewards, it would be reviewed by the Service Ancillaries Review Group (SARG), the Council on Student Services (COSS), and the University Affairs Board (UAB).

Ms. O’Brien noted that the Operating Budget forecasted a surplus of $11,000 for 2009 – 2010, and a $10,000 surplus for 2010 – 2011. A student fee increase of 3.5% was included in the 2010 – 2011 budget. Senior member fees were unchanged from 2009 – 2010, but, unlike student fees, the senior member fees would be subject to the Harmonized Sales Tax (HST) and would increase by 8% when the HST came into effect on July 1, 2010. It was suggested that the impact of the HST be noted in the budget documentation.

There were two major increases in expenses in the 2010 – 2011 budget. Web design, data processing and software expense increased from $43,000 to $91,000, and depreciation expense increased from $602,000 to $713,000.

A member noted the difference between the 2009 – 2010 budget and 2009 – 2010 forecast in the areas of professional fees ($382,000 to $438,000 or 14%) and general office expense ($508,000 to $759,000 or 49%). Ms. O’Brien explained that a number of consultants had been brought in during 2009 – 2010 to review various systems and recommend improvements. The general office expense item captured a variety of expenses, including the marketing department publications and theatre campaign material. Ms. O’Brien undertook to review the general office expenses and provide an explanation at the next meeting of the Board of Stewards.

A member asked what had caused the difference in 2009 – 2010 between the budgeted balance of $122,000 and the forecasted balance of $18,000 in the Club and Committee Endowment Fund. Ms O’Brien explained that the expected revenue for this endowment had not materialized.

In response to a question about the projected increase of 5% in each of the next five years in the salaries, wages and benefits line, Dr. Cowin noted that these increases were outside of the control of Hart House. Additional revenue had to be created, managers had to be careful about hiring, and ways of being more efficient had to be identified.

*On motion duly made and seconded THE BOARD APPROVED the Hart House 2010 – 2011 Operating Budget as presented.*
